

DPS is an OSCP
Professional Partner

January 30, 2004

Dear OSCP Member:

You save time and money with DPS ImageMaker while gaining control over your paper files and making your life at the office better. This is the most exciting and cost-effective product we have seen in a long time and no CPA should be without it.

As an OSCP member we can offer you a **5% discount** where you will **pay only \$1,852.50** for DPS ImageMaker at www.OSCP.com, CPA Resources, Professional Partners, DPS.

DPS ImageMaker Features

- Scan, load, find, view and print PDFs.
- Includes three (3) years of software support provided via telephone or internet with software upgrades included.
- Security panel controlled by an Administrator.
- Search panel allows you to find PDFs fast.
- Ease of use provided with Action Bar buttons with no drop-down menus.
- Adding pages to existing PDFs while scanning is made simple.
- Scanner interface works with any scanner with a modern TWAIN driver.
- We do house calls. DPS will provide a demo in your office. Fully functional evaluation copies are also available.

DPS ImageMaker and fi-4120c Scanner

DPS also sells a companion product, the Fujitsu fi-4120c scanner. It is a 25 ppm, color, duplex, letter/legal departmental scanner with a very small 12" x 6" footprint for only \$1,200.00.

OSCP is excited to offer this excellent new product. We think it is the perfect way for CPAs to reduce their backlog of paper. One CD will hold the contents of about one four-drawer filing cabinet of 8.5"x11" simplex documents. Please visit your official CPA website and check it out.

Sincerely,

Daryl J. Hill
Executive Director
Oklahoma Society of CPAs

ps: Visit www.OSCP.com, CPA Resources, Professional Partners, DPS, to buy DPS ImageMaker.
